I used this English proverb 'it's all Greek to me' not in its meaning. I used the proverb in a humorous way. I wanted to say that almost everything fundamental in Western civilization is based on ancient Greece legacy. I wanted to stress that ancient Greece was the cradle of modern Western civilization. For me, since school years, Ancient Greece was a fantastic place where merry gods lived.

Rhyme

Sun, sun, sun
come and see me,
come and see me,
sun sun, sun
come and see me
because I'm cold.

Rain, rain, go away,
come again another day.
Rain, rain on the green grass,
rain rain on the top of the tree,
rain rain on the top of my house
but not on me!

The Lion, the Witch and the Wardrobe is a fantasy novel for children by C. S. Lewis, published by Geoffrey Bles in 1950. Among all the author's books it is also the most widely held in libraries. Like the others, it was illustrated by Pauline Baynes, and her work has been retained in many later editions. Most of the novel is set in Narnia, a land of talking animals and mythical creatures that one White Witch has ruled for 100 years of deep winter. In the

L'homme, si tu veux le savoir, qu'il soit riche ou pauvre, est obligé de faire quelque chose en ce monde, de s'occuper, de travailler. Malheur à ceux qui se laissent prendre par l'oisiveté ! L'oisiveté est une très grave maladie, et il faut en guérir le plus vite possible, dès l'enfance ; sinon, quand on est grand, on n'en guérit plus.

The Big Adventure of the Little Gremlin from Nikola Raykov

The Big Adventure of the Little Gremlin is unquestionably the most unusual book you will hold in your hands. I believe that the story of Gremmy, a little gremlin, who goes on a quest for food for the winter into a magical forest, will enchant not only three-to-eight-year-olds, at whom the book is targeted, but also their older sisters and brothers who sometimes get tired of the magic-deprived, cynical world of Adult People and wish for another one, with a few more genuine experiences and a lot less fake interests.

Goldilocks and the Three Bears

The story tells of a little blonde, curly-haired girl named Goldilocks who enters the forest home of three bachelor bears whilst they are away. She sits in their chairs, eats some of their porridge, and falls asleep in one of their beds. When the bears return and discover her, she starts up, jumps from the window, and is never seen again.
